# St George's Medical Practice Patient Participation Report – June 2017

# For Survey Results please see alternate link on website (survey results 2017)

#### **Practice Opening Hours**

#### **Roundhouse Medical Centre**

 Monday
 8.00am - 6.30pm

 Tuesday
 7.00am - 6.30pm

 Wednesday
 7.00am - 6.30pm

 Thursday
 7.00am - 6.30pm

 Friday
 8.00am - 6.30pm

#### The above times include our extended opening hours

The extended opening hours are as follows:

 $\begin{array}{ll} \text{Tuesday} & 7.00 \text{am} - 8.00 \text{am} \\ \text{Wednesday} & 7.00 \text{am} - 8.00 \text{am} \\ \text{Thursday} & 7.00 \text{am} - 8.00 \text{am} \end{array}$ 

#### Access to services in core hours

Patients can access services via face to face, telephone or online

#### **Out of Hours arrangements**

When the practice is closed, telephone callers to St George's medical practice are asked to call NHS 111 and they will direct the patient to the appropriate service which could be GP Surgery next day, A&E, iHeart Barnsley and Out of Hours who are provided by iHeart Barnsley also. This service is commissioned by Barnsley Clinical Commissioning Group.

### **Practice Population**

# St George's Medical Practice has 6613 patients registered. Please see breakdown below:

Sex	Number	Percentage of Population	Ethnicity Recorded	Percentage
Male	3413	50%	2990	88%
Female	3410	50%	3202	94%

**Practice Population Profile** 

Age	0-4	5-16	17-	25-	35-	45-	55-	65-	75-	85-	94	Totals
			24	34	44	54	64	74	84	94	+	
Male	271	585	309	448	408	555	384	267	150	34	1	3413
Female	246	556	320	501	448	524	324	250	180	51	9	3410

**Ethnicity Breakdown** 

Ethnicity Breakdown		
Ethnicity Group	Number	%
British/White British	5624	90.5%
Irish	19	0.3%
White Scottish	0	0.00%
White Other	210	3.3%
White and Black	4	0.06%
Carribean		
White and Black	9	0.14%
African		
White and Asian	9	0.14%
Black African	2	0.03%
Black British	1	0.01%
Other Black	6	0.09%
Turkish	6	0.09%
Indian	12	0.19%
Italian	1	0.01%
Pakistani	16	0.25%
Asian	13	0.20%
Albanian	2	0.03%
South American	1	0.01%
Russian	1	0.01%
Romanian	2	0.03%
Caribbean	4	0.06%
African	40	0.64%
Chinese	8	0.12%
Nigerian	5	0.08%
Portugese	0	0.00%
Polish	62	0.99%
Iranian	2	0.03%
Baltic	11	0.17%
Bulgarian	2	0.03%
Other	64	1.03%
Ethnic category not	94	1.51%
stated		

#### Patient Reference Group (PRG) Profile

## St George's Medical Practice has 27 members – the profile of the members is as follows:

Sex	Number	Percentage of	Ethnicity	
		Group	Recorded	
Male	11	41%	100%	
Female	16	59%	100%	

All of our members have their ethnicity recorded as British.

Age	17-24	25-34	35-44	45-54	55-64	65-74	75-84	Totals
Male	1	1	0	2	5	1	1	10
Female	0	4	2	3	2	2	3	17

### Differences between the population of the practice and the members of the PRG

All of our members are British. We have made efforts to encourage all our patients which include other ethnic groups to participate, however so far none have wished to do so. We have got a good age range of members now and will continue, to make efforts to encourage all patients of all age ranges to participate.

## The steps taken by the practice to ensure all groups of the practice population are represented

We advertise our patient group in the waiting room on practice newsletters and on our website.

We displayed posters in the waiting area asking patients if they would like to join the group. Posters have also been given to the local pharmacies to display. We have also put information and the report and survey results on NHS Choices website

http://www.nhs.uk/Services/GP/Overview/DefaultView.aspx?id=39198

We also included the patient participation information in our quarterly newsletter which encouraged patients to join.

The patient participation group information is on our practice website <a href="https://www.stgeorgesmedicalpractice.co.uk">www.stgeorgesmedicalpractice.co.uk</a> and gives them all the details on how to become a member.

#### The steps taken to decide what went into the survey

We decided this year to do the Improving Practice Survey provided by CFEP Surveys.

#### How the survey was conducted

The questionnaires were given out over a 2 month period in May and June 2017

The receptionists ensured that patients who presented at the reception desk were given one to complete and we also put the questionnaire in the waiting room for patients to pick up if they had used the self arrival screen and did not present at the desk.

We received 150 questionnaires back from patients which is a huge improvement on previous years.

#### **Results**

The survey results can be found on a separate document on our website and also on the NHS Choices Website for our Practice and these results were also posted to the members of our PRG either by post or via email. We asked our members if they had any comments or suggestions from the results and we received one response back. We do not feel there are any contractual considerations to the agreed action plan.

#### Last year's report

We have found that most of our results were quite similar to last year's responses but as this was a different questionnaire to last years it was difficult to compare fully.

### **Action Plan from Patient Survey/Questionnaire June 2017**

Actions to be taken	Timescales
Telephone access	Immediately – already done
As this is a rented building, we cannot change the system, however we have now moved the main phone line off the front reception and into the back office, enabling the staff to	miniculatory allocally delice
concentrate on this more in hope that the calls will be sorted more efficiently and quickly.	
We have also recently closed our branch surgery, therefore have more Reception staff dealing with patients at the main site.	
Wait to see a GP in 48 Hours We already offer book on the day appointments, however we have recently had some long term clinical sickness so now we are back to full staff, this should improve.	Immediately
Confidentiality on Reception We have recently moved the main phone line into the back office from the front reception desk and also if a patient wishes to speak in private, we have a small office where they can be taken.	Immediately
To promote online booking of appointments	To continue to promote this service
To promote online ordering of prescriptions	To continue to promote this service
To promote practice website	To continue to promote this service
Continue to promote practice opening times	Already doing this
To continuously review the appointment system to ensure appointment availability and waiting times are appropriate	To continue with ongoing review of appointment system

The action plan has been posted on the practice website <a href="http://www.nhs.uk/Services/GP/Overview/DefaultView.aspx?id=39198">www.stgeorgesmedicalpractice.co.uk</a> and also on our NHS Choices website <a href="http://www.nhs.uk/Services/GP/Overview/DefaultView.aspx?id=39198">http://www.nhs.uk/Services/GP/Overview/DefaultView.aspx?id=39198</a>
